Sise Computing and Solution
Technology Enlightment

PRACTICAL ASSIGNMENT
FILE AND FOLDER MANAGEMENT

Computer Skills • Beginner Level

Student Name:		**Date:**	
Class / Group:		**Score:**	

Instructions

- Complete all tasks on a Windows computer.
- Follow each step carefully and check your work.
- Use the exact folder and file names given in this assignment.
- Ask your teacher for help if you do not understand a step.
- Use only your practice files. Do not delete personal or important files.

Goal: Show that you can create, organize, rename, copy, move, search for, and safely delete files and folders.

TASK 1: Create a Folder Structure

Create the folders below inside your Documents folder. Use the names exactly as shown.

Documents

■■■ SISE_Practice

  ■■■ Notes

  ■■■ Assignments

  ■■■ Pictures

  ■■■ Backup

- Open File Explorer. You can press **Windows + E**.
- Open Documents and create the main folder **SISE_Practice**.
- Open SISE_Practice and create the four subfolders shown above.

Teacher check: The folder structure is correct.

TASK 2: Create and Name Practice Files

Create three simple text files using Notepad. Save each file in the correct folder.

File name	Save inside	What to write
My_Notes.txt	Notes	Write three things you learned about computers.
My_Assignment.txt	Assignments	Write your name and today's date.
My_Picture.txt	Pictures	Write: This folder is for picture files.

These are text files for practice. You do not need to download a picture.

TASK 3: Rename, Copy, and Move Files

A. Rename
Rename **My_Notes.txt** to **Computer_Notes.txt**.

B. Copy
Copy **My_Assignment.txt** from Assignments into Backup. Keep the original in Assignments.

C. Move
Move **My_Picture.txt** from Pictures into Backup. It should no longer be inside Pictures.

Useful keyboard shortcuts

Shortcut	Action
Ctrl + C	Copy
Ctrl + X	Cut / prepare to move
Ctrl + V	Paste
F2	Rename selected file or folder

TASK 4: Search for a File

- Open File Explorer and go to Documents.
- Use the search box to find **Computer_Notes.txt**.
- Open the file and check that it contains your notes.

Question: Which file name did you search for?

Answer: _____

TASK 5: Delete and Restore a File

Use only the practice files you created for this assignment.

- Delete **My_Assignment.txt** from the Assignments folder.
- Open the Recycle Bin.
- Find My_Assignment.txt and choose **Restore**.
- Return to Assignments and check that the file is back.

TASK 6: Answer These Questions

1. What is a folder used for?

_____

2. What is the difference between copying and moving a file?

_____

3. What does the Recycle Bin help you do?

_____

4. Write one keyboard shortcut you used today and explain what it does.

_____

5. Why should you use clear names for files and folders?

_____

FINAL CHECKLIST

Task	Done
Created the folder structure	■ Yes ■ No
Created and saved all three practice files	■ Yes ■ No
Renamed, copied, and moved files correctly	■ Yes ■ No
Searched for and opened a file	■ Yes ■ No
Deleted and restored a practice file	■ Yes ■ No

Teacher's Comments: _____

Score: _____ / 20
